

Our Mission: Transforming lives through Christ- Centered Financial Education

The Center for Financial Education (CFE) is a non-profit organization that offers a Christian approach to financial education. Through compassion and grace our consultants guide individuals and families toward transforming their lives by taking charge of their financial future.

We will again utilize the Golf Genius service through the Ridge. It provides more exposure for your business through online advertising and real-time results as the outing progresses.

***New this year!
Family registration! See golfer
brochure for details!***

Tear here & return form to our office soon!
